

Streamlining recruitment: Telum's smooth move to Bullhorn with Automation & Analytics

Migration from
FastTrack360

Comprehensive
user training

Tailored system
configuration

With a disconnected system holding them back, Telum wanted a streamlined solution to manage their recruitment data more effectively. Moving to Bullhorn, along with Automation and Analytics, gave them a single, connected platform for their team. With data migration, tailored configuration, and in-depth training, we supported them every step of the way.

"The Kyløe team are great to work with and are very knowledgeable. No problem was too big, and no question was too silly."

Renée Taylor, Payroll Manager | Telum

How did the project go?

"The project went very well and was relatively smooth from start to finish. The Kyløe team were outstanding – proactive, organised, and ensured everything moved forward and stayed on track."

How did Kyløe help you?

"Kyløe was instrumental in guiding us through the transition from a legacy system we had relied on for over 20 years.

They meticulously planned the entire implementation phase, delivered comprehensive training to our staff, and offered ongoing support and expertise to help us maximise the value of Bullhorn.

Throughout the process, they remained sensitive to the scale of change for our business, ensuring a smooth transition."

Would you recommend Kyløe Partners?

"Yes, the Kyløe team provided great advice, took the time to understand our business needs, and found solutions to make sure the system works in the best way for us."

Renée Taylor, Payroll Manager | Telum

How has it impacted your business?

"Kyløe had a clear plan and timeline in place from the start, which made it easier for us to allocate resources and manage the project effectively.

The training they provided has set our staff up for success and is helping us get the most out of Bullhorn."
